The Political Economy of Diseases in Southeast Asia

Synopsis

This talk, based on Sophal Ear’s third book, *Viral Sovereignty and the Political Economy of Pandemics: What Explains How Countries Handle Outbreaks?* (Routledge, 2022) focuses on Southeast Asia and beyond to consider the intersection between disease, politics, science, and culture in the global battle against pandemics, making use of case studies and interviews to examine the ways in which governments and regions handle outbreaks and pandemics.

Sophal Ear
Sr. Associate Dean of Student Success & Associate Professor
Thunderbird School of Global Management, ASU
